KIMBERLEY RELIEF MARKS AN EPOCH

French Gallantly Marches on
the Beleaguered City.

A WONDERFUL CAMPAIGN

Cronje on the Run—Lord Roberts the
Hero of Great Britain—General
Kelly-Kenny's Brigade Capturing
Ammunition.

LONDON, Feb. 17. — With General
Cronje in full retreat and General Kel-
ley-Kenny harassing his rear, hopes
run high that a decisive action will oc-
cur, if it has not already been fought.
The dispatches from Jacobsdal confirm
this belief, saying General Cronje has
been obliged to "outspan," in other
words form a laager or camp in order
to rest his oxen. He explains General
Kelly-Kenny's latest dispatch referred
to shelling the laager, which also
brought long expected word of General
Kitchener's whereabouts. That the
general who so relentlessly pursued the
Khalifa to his doom is supervising the
pursuit of General Cronje adds greatly
to the confidence of the nation now so
eagerly awaiting further news.

If General Tucker with the Seventh
division is able to effect the projected
junction with the forces of General
Kelly-Kenny, while the Ninth division,
under General Colville, is rapidly com-
ing up from the rear, the hero of Khar-
toun should have a sufficient force to
decisively engage General Cronje and
prevent him from reaching Bloemfont-
ein with an effective force.

Over the whole Modder river district
there is such tremendous military ac-
tivity that it is hard to realize the area
covered or grasp the full meaning of
the movements.

The Boers, though retreating from Ma-
garefontein, are active elsewhere. A
special dispatch from Orange river says
they are attempting to cut the British
line of communications at Gras Pan,
but it is expected they are not likely to
effect a serious result. They are, how-
ever, undoubtedly making a strenuous
effort to cut the British lines to DeAar.

On the other hand, comes the news
that General MacDonald has again oc-
cupied Koodoesberg.

What precautions Lord Roberts has
adopted against counter attacks are not
yet known, but the war office and pub-
lic are thoroughly convinced that he is
fully able to cope with all contingencies
and that, if it is within human possi-
bility, he will inflict the defeat on
General Cronje that is so much more
important than the relief of Kimberley,
brilliant as was the latter achievement.

Nobles Going to the Front.
The first unit of the special corps of
volunteers, called the Duke of Cam-
bridge's Own, left London this morning
to embark at Southampton for South
Africa. The force is composed entirely
of men of good social position. Lord
Albion's son is a trooper. Each man
has to pay £120 for the privilege
of joining, the money going to purchase
their uniforms, while their pay is donated
to the fund for the relief of the widows
and children of the killed soldiers. Im-
mense crowds ovated the "gentlemen
volunteers," as they were termed, on their
way to the station and the train started
amidst remarkable scenes of enthu-
siasm.

Dispatches from Cape Town announce
that enthusiastic demonstrations fol-
lowed the announcement of the relief
of Kimberley. Government house was
surrounded by huge crowds and the
British high commissioner and govern-
or of Cape Colony, Sir Alfred Milner,
received an ovation.

There were parades through the city,
cheering for "Boles," flags flying and
hostile demonstrations outside the city
of the news-standers sympathetic to
the Boers and before the residences of
ministers supposed to be in sympathy
with the burghers.

The relief of Kimberley was simi-
larly celebrated in other towns of Cape
Colony.

STRIKE ON IN SAVANNAH.
Plumbers and Gas Fitters Want an
Increase in Wages.

SAVANNAH, Feb. 17. — Savannah's
plumbers and gas fitters are on a strike.
They have demanded a 9-hour day every
day but Saturday, which they want
fixed at eight hours for a day's work.

They want the scale of wages fixed at
\$1.50, \$2 and \$3 a day, according to ex-
perience.

The master plumbers assert that the
strike will not materially affect them
and declare, if necessary, they can get
out their tools and go to work them-
selves. So far no agreement has been
reached, and further action may be
taken by the local plumbers' union on
Sunday, as is threatened.

The action of the plumbers is looked
on as what may be the beginning of a
strike that will extend to all the trades-
men of Savannah.

The carpenters and workmen in other
lines have made similar demands and
have threatened to strike if they were
not complied with, but the time for
such action has not yet arrived. They
are in sympathy, however, with the
plumbers, and further action may be
looked for.

Had a Marble Heart.

Hartford has produced a case of a
man with a marble heart. He was
Andres Nilson Levin, a Swedish tailor,
who recently died at the hospital. An
autopsy showed both auricles and the
left ventricle covered with a deposit of
calcium salts, the same substance that
makes marble. The deposit was from
an eighth to a quarter of an inch thick
and lay on the heart like a piece of
armor plate. It was as hard as marble.
The heart was exhibited at the meet-
ing of the medical society.

The case is the first of the kind ever
known. Levin's heart weighed 16
ounces, four more than the normal
heart.—New York Journal.

Testimonial From Judge Gaston.

GREENVILLE, Ala., Aug. 10, 1900.

I take great pleasure in certifying to
the purity and the merit of Wilkinson's Match-
less Mineral Water. This natural mineral
water, to my personal knowledge, is taken
from a well three miles east of Greenville,
in the exact condition in which it is sold. I
have seen this water used, with wonderful
success, for dyspepsia, indigestion, stom-
ach and for crampy diseases, sores and
ulcers on man and animals. As a remedy
for these troubles, I do not believe an
equal exists. It is highly recommended by
physicians for a number of diseases.
